SECTION 403(r)(6) NOTIFICATION

Dear Sir or Madam:

In accordance with the requirements of Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Shaklee Corporation notifies FDA that it has begun using the following statements:

- The energy boost that helps maintain healthy cholesterol levels.
- Research suggests that daily intake of soy protein as part of a low-fat, low-cholesterol diet helps maintain healthy cholesterol levels and promotes heart, breast, and prostate health.
- Studies have shown that soy helps regulate hormonal balance for women during the transitional period of menopause.
- Studies have shown that a diet rich in soy foods, containing phytoestrogens, has a positive health effect in several important areas such as heart, breast and prostate health.
- Populations consuming soy over a lifetime have better bone health.
- Stronger bones
- Better lung, breast, prostate health
- Studies link diets rich in soy foods with better breast and prostate health.

which contain the statutory statement, on labels and in labeling the following products:

Energizing Soy Protein
Instant Protein@

97S - 0162

LET 4193

Shaklee Corporation

I certify that the foregoing is complete and accurate, and that Shaklee Corporation has substantiation that the statements are truthful and not misleading.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Jensen', with a long horizontal flourish extending to the right.

Christopher Jensen, Ph.D.
Director, Health Sciences
